EL PASO GOLFERS WIN MATCH FROM THE DISBEE TWELVE-MAN TEAM

Livie, El Paso Expert, Also Wins From the Douglas and Bisbee Experts at the Same Time.

Dr. Vance plus the El Paso golfers, won the friendly match from the Warren district Country club team Sunday at the club golf course. The difference was but 4, the El Paso 12 men team making 18 points to the Bisbee team's 14. Nassau count. Dr. Vance made the 18 holes in 82, going out in 43 and back in 39, making his total one better than bogey and adding three points to the total team score.

In the professional purse match between Livie, of the El Paso club, Adams, of Douglas, and Marshall, of Bisbee, the El Paso expert won the match, winning from Marshall four up and three to play and from Adams three up and two to play. This gives Livie the championship of the southwest, as he defeated...

feated two of the best experts in the west in his match Sunday. Adams was formerly with the Hinsdale Country club of Chicago and returned Sunday evening to that club to take charge of the golf course as expert for the summer. Marshall is from the Onwente Country club of Chicago and this is his first winter with the Warren District club. Both of these men have western reputations as expert golfers and Livie's second victory over the professionals puts the local expert at the top of the list in the cactus country. In addition to his record Sunday, Livie made a drive of 340 yards recently with a Glory-Dimple ball, which established a record for driving in this section.

The playing of the El Paso 12 men team in the match with the Warren District team was a surprise to the local followers of the game, the first four men on the list defeating their opponents. The Bisbee players and their friends returned Sunday evening over the Southwest.

BISBEE TEAM CARRIES OFF THE BASKETBALL HONORS IN SOUTHWEST

Basketball championship honors for all the southwest go to the Bisbee high school, dark horse of the Southwestern Athletic federation meet, Friday and Saturday at the El Paso Y. M. C. A. To the team of Mormon players from Colonia Juarez go second honors.

Speed and skill are credit due to the Arizona school team. The Mormon players had the skill without so much of the speed. In the final play Saturday night the Arizona and the Mexican boys met in probably the most thrilling game of local basketball history. The Mormons outplayed the school players and at times outplayed them. But Arizona came out with a 19 to 5 score. There is no question but that Bisbee has won the shield trophy by superior play.

The Bisbee team played two games with a full day between, making a welcome handicap, especially over the Mutual Improvement association team, which played four games in all. A still greater endurance test fell to the Y. M. C. A. team which played five games during the two days' meet, four games of which were played after 3:30 Saturday afternoon.

WALKS TO EL PASO FROM NEW MEXICO AT AGE OF 51

Al St. Brown Arrives in Six Days From Albuquerque Afoot.

Two hundred and fifty-four miles in six days, eight hours and 19 minutes is the record established by Al St. Brown, who today celebrates his 51st birthday anniversary in El Paso and who arrived here Sunday at 20 minutes after the noon hour, finishing his walk from Albuquerque, N. M. where he departed Monday March 14 at 4:10 in the morning.

He claims to have made the following time: First day, 31 miles; second day 46 miles; third day 52 miles; fourth day 50 miles; fifth day, 55 miles; sixth day, 20 miles.

Until he commenced his trip to El Paso on a \$200 wager, St. Brown had been for a year and a half employed as a bookkeeper by an Albuquerque cement company, having gone to that city from Laramie, Wyo., where he had resided since he left New York in his 23rd year.

He says that he learned to walk while a member of the Olympic Athletic club in New York while he was in his teens and continued for a few years but has done no walking of consequence for 20 years past.

St. Brown is a man of medium height and both his hair and mustache are iron gray while his eyes are also deep gray. On his trip he wore an ordinary brown suit, using the coat only at night, a blue shirt on which were sewed the American and Irish flag, leggings and rubber heeled shoes.

He carried no extra weight except a 10 lb. cloth covered canteen holding three pints of water and weighing about a pound and a half when full. On his walk he followed the Santa Fe right of way through from Albuquerque and all along the route the crews of the trains gave him water and offered to permit him to ride but he says he declined to take advantage of this latter offer because he had made a wager to walk.

If you chew tobacco, try walking as a cure says St. Brown. "The first day I took two chews but after that I had no use for the weed; it dries your lips and causes them to split open."

He also said that in order to cure sore or tired feet he found mustard baths the best application which he could find and used them frequently on the trip.
